A background image showing a worker in a white hard hat and high-visibility vest working on a solar panel array. The worker is in the foreground, slightly out of focus, looking down at their work. Another worker is visible in the background, also wearing a hard hat and vest. The scene is outdoors, likely on a rooftop or in a field.

ABOUT US

Through the provision of unrivalled security services to individuals and businesses operating in the public and private sectors, Durasec Installations has achieved much success through building on its policy of integrity, credibility and partnership with all of its clients and partners.

Durasec Installations is a privately owned South African company dedicated to the provision of excellent security services. We are committed to providing exceptional services by delivering personalized, high - quality and cost-efficient solutions to meet the need of our clients.

We do so by providing our clients with expert advice, the highest quality of products, workmanship and services, fair prices and reliable after sales service they can count on. We are capable of dealing with all your security needs and offer a complete range, planning, system analysis and design as well as executive services.

OUR MISSION

Durasec Installations is committed to providing exceptional services by delivering personalized, high quality and cost-efficient solutions to meet the need of our clients. We strive to exceed the requests of our clients by going above and beyond what is asked to ensure that every detail is to your requirements. We accomplish this by staying current with technological advancements and industry best practices and by listening, understanding, caring and devising creative, smart, effective, safe and affordable security solutions in a speedy and cost-effective manner. We will do everything possible to foster a mutually beneficial, profitable, happy and exciting long-term business relationship with each of our clients.

OUR VALUES

In order to ensure business continuity, profitability & sustainability, we place immense importance on our core values:

- Quality Products & Services
- Customer service and satisfaction adherence to deadlines & deliverables
- Integrity and professionalism
- Professional development
- Continual improvement & innovation
- Social Responsibility
